Mayor George Campbell
Portland City Hall
389 Congress Street
Portland, ME 04101

Dear George,

This letter is my formal resignation from the Stevens Avenue Advisory Committee in the event it is still considered operative. The new energy and commitment to problem solving expressed at the meeting last night should create the will needed to address the problems of the street.

Please know that I leave the Committee grateful for the opportunity to have served and learned.

Best regards,
