Re: Stevens Avenue Project

Dear Mr. Ganley:

As you know, Bill Bray, Acting Director of Public Works, along with several other city officials, met with a hundred or so persons at 808 Stevens Avenue at 5:00 P. M. yesterday and attempted to answer some of our concerns about the so called Stevens Avenue project.

During this meeting, a copy of the original petition filed with your office on July 15 was circulated, with an addendum indicating that those who signed were in support of the petition.

The petition which was circulated, along with a copy, is attached. It contains the signatures of 57 persons who attended yesterday's meeting. We tried to avoid having people sign this who had already signed the original petition which was filed on July 15.

We would like this added to the documents already filed with your office. Thank you for your cooperation.

Sincerely,

Earl C. Mercer

To: Robert Ganley, City Manager
City of Portland, Maine

We the undersigned residents and property owners of Stevens Avenue in the City of Portland hereby petition you, the City Manager, and the Department of Public Works to cease and desist from any further construction of the kind engaged in during the week of July 7 through July 11, 1997 on the said Stevens Avenue.

We further request that the unsightly and dangerous humps of asphalt placed in the middle of our beautiful street be removed forthwith and that legal parking be restored to both sides of Stevens Avenue.

We believe this "project" to be ill-conceived and wish to inform you that it seriously interferes with the quiet enjoyment of our homes, offices and businesses.

July 17, 1997 Addendum: We the undersigned who attended a meeting this date with city officials at the Hayes Chiropractic Center hereby indicate our support for the above petition to halt construction on the Stevens Avenue Project, so-called, and to remove the curbs and obstacles that have been placed in the street on Stevens Avenue.
